Mr. Cain has been practicing in the field of geotechnical engineering for over 10 years. He graduated from the University of Mississippi with a degree in Geological Engineering and later went to Virginia Tech for a Master's degree in Civil Engineering. After leaving Virginia Tech, Mr. began his career with a The Eddy Group where he focused foundation design and slope stabilization in a dense urban environment (DC metro area). Continuing his career required relocation to Indianapolis. In Indianapolis, Mr. Cain work for NTH Consultants, a firm specializing in design and construction management of heavy underground civil infrastructure. The last stop on his continued journey west is Lenexa, KS, where Mr. Cain is the Geotechnical Practice Leader for the Great Plain Region of Kleinfelder. His duties include managing the geotechnical staff for the region and project management of a wide range of geotechnical projects.

When not at work, Mr. Cain enjoys spending time with his wife, Nicole, and their two children, Lily who is 3 going on 20, and Daniel who just turned 1 and is trying to figure out his Big Sis. Before kids and life took up all his spare time, he played rugby for a club in DC and tried to play golf. He is still working on golf. Mr. Cain is an active member in Engineers without Borders, ASCE, and DBIA.
